

# Dispensing robot for toxic drugs in pharmacy intravenous admixture services

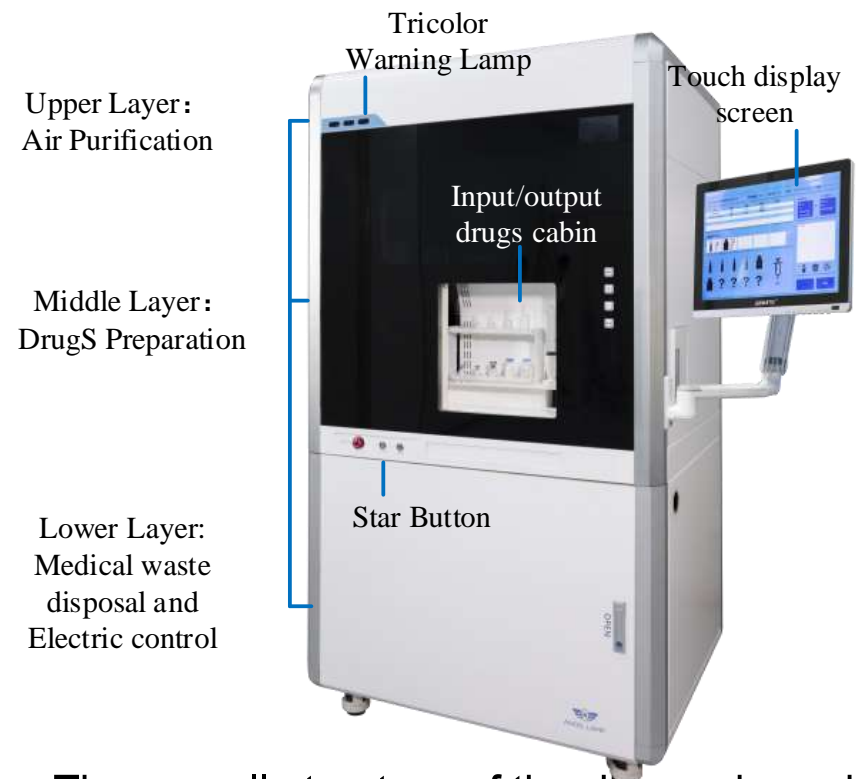

H. Jin<sup>1</sup>, P. Gao<sup>1</sup>, J. Cao<sup>1</sup>, Y. He<sup>2</sup>, Y. Hu<sup>2</sup>, Y. Liu<sup>3</sup>

1-Shenzhen Broadcare Medical Robotics co. Ltd., Shenzhen, China

2-Shenzhen Institute of Advanced Technology, Chinese Academy of Sciences

3-Peking University Shenzhen Hospital, Shenzhen, China

- Structural design of dispensing robot on environmental control and protection of toxic drugs
- The robot dispensing precise suction scheme for vial and ampoule
- Comparative experiment and analysis of suction residue

The overall structure of the dispensing robot
